

Make Your Life Easier™
WATER TREATMENT SINCE 1978

RSI-007 FOOD GRADE INHIBITOR

Start with metallurgy. Verify the application.

Evaluate product suitability using the actual loop and process requirements.

Concept imagery; not a photograph of RSI equipment or a customer site.

APPLICATION REVIEW / PRODUCT STATEMENTS ARE FROM RSI

CONSIDERATION	APPLICATION
Treatment goals	Corrosion protection, scale control and iron-fouling treatment.
Reported response	RSI reports iron-water clearing in hours and galvanize passivation in days.
Application fit	Confirm dosage, metal compatibility and food-grade documentation.
Verification	Agree on baseline tests, acceptance criteria and follow-up.

Reported response times are RSI claims, not universal guarantees. Food-grade wording alone does not authorize direct food contact or establish disinfection.

Ask for comparable-system evidence and confirm the intended use with RSI.
