

Make Your Life Easier™
WATER TREATMENT SINCE 1978

COOLING TOWER BALLS™

Start with the surface. Specify the coverage.

RSI coverage estimate: water-surface area in square feet multiplied by approximately 10.

Concept imagery; not a photograph of RSI equipment or a customer site.

PRELIMINARY SIZING / VERIFY THE ACTUAL SUMP

SURFACE DIMENSIONS	AREA / ESTIMATED QUANTITY
5 ft x 10 ft	50 square feet / approximately 500 balls
10 ft x 10 ft	100 square feet / approximately 1,000 balls
100 ft x 50 ft	5,000 square feet / approximately 50,000 balls
Installation review	Confirm adequate screens on all intakes and overflow drains.

Shading supports algae control. It does not replace disinfection or the full water management program. Keep access and maintenance needs in the design.

Send the water-surface dimensions and a sump photograph for a coverage discussion.
