COOLING TOWER BALLS™

A simple addition. A considered decision.

Evaluate the cover in the context of the entire water system.

Concept imagery; not a photograph of RSI equipment or a customer site.

THE DECISION CONVERSATION

CONSIDERATION	APPLICATION
Surface	Measure the exposed water area and confirm the coverage estimate.
Openings	Check intake and overflow screening before installation.
Access	Plan inspection, cleaning and removal when maintenance requires it.
Program	Keep microbial control and routine tower care in place.

RSI can help connect the surface dimensions to a practical coverage recommendation.
