

Make Your Life Easier™
WATER TREATMENT SINCE 1978

RSI ECOLOGY CELL™

Evaluate the whole program. Define success together.

A non-chemical approach is a program decision with site-specific requirements.

Concept imagery; not a photograph of RSI equipment or a customer site.

THE DECISION CONVERSATION

CONSIDERATION	APPLICATION
Constraints	Describe chemical-use restrictions and discharge requirements.
Water + load	Share the source-water information and tower size or duty.
Controls	Discuss treatment, filtration, microbial control and cleaning together.
Verification	Agree on operating limits, monitoring and evidence of performance.

Use the free RSI survey to assess fit and define the scope of a custom program.

RSI product details | RSI: Ecology Cell / CDC: Tower care / EPA: UV

Request a free survey and custom quote.

Send tower size, water source and your primary treatment challenge.
