

Make Your Life Easier™
WATER TREATMENT SINCE 1978

RSI SOLID CHEMISTRY

Serious chemistry. A more considered format.

Solid concentrate, dissolved on site and applied to the treatment program.

Concept imagery; not a photograph of RSI equipment or a customer site.

Reconsider the delivery. Keep the treatment goal.

RSI Solid Chemistry changes the format in which treatment arrives at your facility. Concentrated solids are prepared for application with RSI dissolving equipment, creating a different approach to storage and handling.

Concentrated format

Discuss the storage and carrying requirements.

On-site preparation

RSI equipment dissolves the concentrate for application.

Practical comparison

Review freight, handling and feed requirements together.
