WATER TREATMENT SINCE 1978

RSI WATER SOFTENERS

Make the softener decision on the full water balance.

A useful proposal considers both the treatment benefit and the operating inputs.

THE DECISION CONVERSATION

CONSIDERATION	APPLICATION
Demand	Average gallons per day and peak makeup flow.
Water	Hardness and other water-quality limits on tower operation.
Regeneration	Water, salt and discharge requirements for the softener.
Net result	Expected operating cycles and the complete site water balance.
